HAVE YOU NOTICED A CHANGE?
We continue to work on social skills for the beginning of term. The aim of the teaching is to have all students developing the habits of good social skills to help them in relationships with others in all aspects of their life. Any feedback on this would be appreciated so if you notice students being more polite and friendly, please let us know.

CHAPPIE NEWS
It was nice to catch up with some of our students last week. Unfortunately I had a cold and was only at school on Wednesday morning. Those I spoke to seem to have had a nice break and I'm looking forward to being back this week on Wednesday and Thursday. Take care and God bless, Chappy Tanya.

YEAR 1 NEWS
Please look for the Year 1 News given to your child today.

HEADLINE
Please check your child/ren for headlice on a regular basis and treat accordingly.

SCHOOL SORES
We have had a couple of cases of Impetigo. Any case will be excluded until appropriate antibiotics have been received for at least 24 hours. Sores on exposed areas must be covered with a watertight dressing.

READING STRATEGIES - VISUALISATION
We are learning to think about the images we ‘see’ in our mind as we read. We will be successful when we can:

- think about what we can ‘see’ as we read each section of the text,
- tell others what we can ‘see’ after we have read each section,
- find words in the text that helped us to ‘see’ the character/event as we read and tell others about them.

When readers use the visualisation strategy they use their senses to think about what they are reading and to create ‘pictures in their mind’ while reading. The words they read help to create these pictures by thinking about the images they see as they read “I see…”
- hear as they read “I hear…”
- taste as they read “I taste…”
- smell as they read “I smell…”
- touch as they read “I can feel…”
