

**YEAR 2 STORIES**

**The Ice-Cream Problem**

On the beach at night I saw a different type of ice-cream van that is made out of fantastic frozen ice-cream. It was sitting on the side of the car park. The top was made out of plastic and the bottom was ice-cream. Later when the sun came up the ice-cream van melted and turned into an ice-cream split. So I made the van again with new ice-cream and put it into the freezer. I never left the ice-cream van at

the beach in the daytime again, only visiting the beach at night time, selling my ice-cream cones.

**The Melting Ice-Cream Truck**  
One day in the afternoon the Drury family went to the ice-cream truck because it was a hot day. The next day the ice-cream truck melted. The Drury family didn't get there fast enough. The ice-

cream truck melted on the road. Maya found a way to fix the ice-cream truck. She froze the truck with a big block of ice. Maya is a hero! She saved the day and we all had ice-cream for dessert to celebrate.

A NEWSLETTER LINKING BURNETT HEADS PRIMARY SCHOOL COMMUNITY

**PRINCIPAL'S MESSAGE**

Dear Parents and Guardians

Can I remind parents to fill in the on line parent opinion survey if they have not already done so please. The deadline has been extended by EQ due to the low responses to the on line collection. School computers are available on arrangement through the office for the rest of this week. Parents, our attendance is running at approximately 92% when we are aiming for at least 95%. For our students, missing any time for any reasons other than ill health, is detrimental to their overall learning during the school year. The National Curriculum involves two units of work per term in each subject and missing days regularly makes it very difficult for student/s to catch up with their peers and learn to their ability level. Missing a step in the learning process regularly can lose the total meaning of a unit of work. Please let the school know if you have difficulties getting your student/s to school, in case there is a way we can assist in some way. Attendance every day does count and our core teaching of behaviour expectations for our students this fortnight is **Organisation: being at school every day this term and ready for class.**

Jumps Day is on Thursday and students need to be here at 8am, ready for the bus. Similarly, on Friday Salters Oval Day. I hope parents will join us on Friday at Salter's Oval for a day on which Burnett Heads students compete well and always show good behaviour and sportsmanship. Good luck to all of our competitors

Kind Regards  
Pamela Liddell  
Principal

*Progress through Participation*

Great state. Great opportunity.

**Organisation : being at school every day this term and ready for class.**

**SPORTS NEWS**

Well done to our students who participated in Coastal Sports on Friday. Competing against large schools is always a bit demoralizing, but it does give our competitors a stir to get ready for Jumps Day and Salters Oval, where we compete against schools our size. The size difference made no difference to Patrick Dromgold who was successful in sprints and the 800m.

**AFTER SCHOOL SPORT**

There will be **no After School Sport this Thursday** due to Jumps Day Sports.

Thank you to families who have paid the Student Resource Scheme this year. This school option is an economic alternative for parents instead of purchasing from a book list. If your payment has not been received, it would be appreciated if payment can be made as soon as possible. Statements were sent home last week.

**CHAPPY NEWS**

Congratulations to Mystique Ogilvie from Year 1 for receiving the True Friend Award last week. Thank you for caring

for our library and being helpful to Miss Rose. Well done Mystique!

I am away this week at the annual SU Chaplaincy Conference on the Sunshine Coast. This is usually a really worthwhile time of professional development, seeing what other Chaplains are doing in their schools and an opportunity to catch up with my fellow Chappy colleagues from around QLD.

I'll see you again next Tuesday - Thursday. Thanks for your support Burnett Heads. Take care and God bless, Chappy Tanya.

**COMMUNITY NEWS**

**Wake up to the signs of driver fatigue**

Fatigue creeps up on drivers. Ignoring your body's physical warning signs can result in a crash. It is vital that you are alert at all times no matter how short the trip.

Knowing your body's warning signs and planning your trip are the keys to your safety and survival on the road.

Driving at times when you are normally sleeping is particularly dangerous.  
**Peak times for fatigue crashes 2pm - 4pm and 10pm - 6am**

**Danger signs**

- your car wanders across the road
- fumbling gear changes
- daydreaming
- unintentional increases or decreases in speed
- sore or 'heavy' eyes
- dim or fuzzy vision
- general tiredness
- stiffness and cramps
- aches and pains
- seeing things
- droning and humming in ears
- delayed reactions.

**How do you prevent driving tired?**

- Take regular breaks from the wheel - at least 15 minutes every two hours is recommended.
- Pull into rest areas, tourist spots and Driver Reviver stops frequently.
- Avoid alcohol before and during the trip.
- Check medications with your doctor (in case they make you drowsy).
- Eat properly - not too little, not too much.
- Sleep - get plenty before your trip.
- Don't drive for more than ten hours in a day.
- Share the driving - stop and swap drivers.
- Plan ahead - arrange stops and rest overnight.
- As soon as you feel tired, stop and rest to prevent driving tired.

Caffeine, fresh air and loud music won't stop you from being tired when you are driving. The only cure is to stop driving and rest.

**Crashes are caused by deliberate actions of road users. It's all about choices!**
